

BOARD OF SUPERVISORS, COUNTY OF LAKE, STATE OF CALIFORNIA
RESOLUTION NO. ~~2019-125~~
RESOLUTION OF INTENT TO PARTICIPATE IN A CONSORTIUM FORMED TO
ADDRESS THE REGION'S WATER SUPPLY AND THE FISHERIES IN THE EEL RIVER
AND UPPER RUSSIAN RIVER

WHEREAS, the Potter Valley Project is a small hydro power project consisting of two dams: (1) the Cape Horn Dam which impounds the river into the Van Arsdale Reservoir, and (2) the Scott Dam which creates the Lake Pillsbury Reservoir; and

WHEREAS, Congressman Jared Huffman brought all stakeholders together through the creation of a Potter Valley Ad Hoc Committee and that committee, which includes Lake County, Mendocino County, Sonoma County, and Humboldt County among its participants, has developed a "Two-Basin Solution" to protect fisheries and water supply in both the Eel and Russian River Basins; and

WHEREAS, additional goals of the Two-Basin Solution include, but are not limited to, minimizing and mitigating adverse impacts to Lake County, which this Board believes should be especially directed toward Lake Pillsbury businesses and residents; and

WHEREAS, the Potter Valley Project is licensed through the Federal Energy Regulatory Commission (FERC); and

WHEREAS, PG&E, the current Project licensee, applied for renewal of that license, but subsequently withdrew its application and FERC then issued a notice soliciting applications; and

WHEREAS, the Sonoma County Water Agency, the Mendocino Inland Water and Power Commission, California Trout, Inc. and the County of Humboldt, as a consortium of interested entities, timely filed a pre-application and notice of intent in response to FERC's solicitation;

WHEREAS, the Board of Supervisors has previously indicated its support of that pre-application filing; and

WHEREAS, the County of Lake wishes to participate in a consortium with the Sonoma County Water Agency, the Mendocino Inland Water and Power Commission, California Trout, Inc., and the County of Humboldt in a planning agreement to address the region's water supply and the native anadromous fisheries in the Eel River and the Upper Russian River; and

WHEREAS, said participation includes the participation in a feasibility study to determine viability of affected public entities forming a regional body to seek FERC permission to operate the Potter Valley Project.

WHEREAS, the coalition will commission a feasibility study to determine the efficacy of public entities forming a regional body to seek FERC permission to operate the Potter Valley Project.

NOW THEREFORE, BE IT RESOLVED AS FOLLOWS:

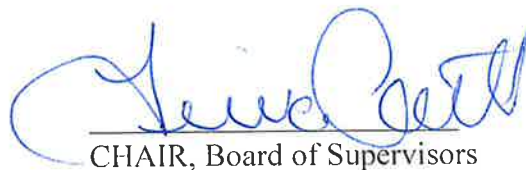

1. The County of Lake affirms its support of cooperative efforts to address all issues relating to the Potter Valley Project.
2. The County of Lake shall continue to participate in the Potter Valley Ad Hoc Committee created by Congressman Jared Huffman.
3. The County of Lake also intends to participate with the Sonoma County Water Agency, the Mendocino Inland Water and Power Commission, California Trout, Inc., and the County of Humboldt in a planning agreement to address the region's water supply and the native anadromous fisheries in the Eel River and the Upper Russian River.
4. The County of Lake further intends to pursue funding sources to participate in the above-described feasibility study with the understanding that such a study will consider a wide range of options to effect a Two-Basin Solution.
5. This resolution supersedes and replaces any previous resolution addressing the County of Lake's participation in the above-described consortium.

THIS RESOLUTION WAS PASSED AND ADOPTED by the Board of Supervisors of the County of Lake, State of California, at a regular meeting thereof on 8/27, 2019 by the following vote:

AYES: Supervisors Simon, Sabatier, Crandell, Brown and Scott

NOES: None

ABSENT OR NOT VOTING: None

CHAIR, Board of Supervisors

ATTEST: CAROL J. HUCHINGSON
Clerk of the
Board of Supervisors

APPROVED AS TO FORM:
ANITA L. GRANT
County Counsel
