

# Mendocino County Farm Bureau's 104th Annual Meeting Saturday, July 9th, 2022 5-8 pm

Join your Farm Bureau family and friends in celebration of 104 years as an organization representing agriculture and rural area residents of Mendocino County.

Since the early days of the organization, Farm Bureau leaders and volunteers have participated in the organization doing for its members what no one person can do alone. Today, the organization remains strong and blessed with special people who give so generously of their time to keep their fellow farmers and ranchers in the business of agriculture along with protecting the interest of rural area residents in Mendocino County.

The night will be filled with good company, good food and good drinks. We will also recognize our 2022 scholarship recipients, special contributors and incoming Board of Directors.
